Hi, all. Please add Brad Levine to this thread for continuity since he will take over supervision of the muni CWA docket after I retire.

Enclosed is the meeting agenda. I have not got confirmation that CRW's consultant will be on the call or not, but strongly suspect they will be on the call. CRW's consultant is CDM Smith. This is the same consultant that works on ALCOSAN and Philly. I will not have a consultant on the call because I lack the funds. We have used Tom Rowlett and Mark Klingenstein in the past.

Do we know whether the City will be bringing their technical consultants/contractors? Do they have any?

Thanks, Alex, that's it. Steve and I worked on a draft agenda, but only Steve's boss has reviewed it so far. She sent it up to Rick Rogers for him to look at. I don't have a copy of the most recent version, but Steve does (Steve, please share). Let us know if you have comments. Adding Sushila to this so she also knows what's going on.

Thanks,
Pam

Hi Nancy and Pam,

The plan is for a technical only discussion on June 25. My understanding is that the RA will be attending the call. Counsel for CRW has confirmed that they are not attending the call. I believe EPA has been working on a draft agenda, which I have not received or reviewed yet. The general subject for discussion is outstanding deficiencies in the LTCP. Pam, please feel free to correct anything or add in any additional detail that has developed since we spoke Monday.

Thanks,
Alex

Hi, Pam. It sounds as if there has been some resolution on this meeting with the RA, can you or Alex give me an update? Otherwise I'll just ask for one during the docket call this afternoon. Thanks! Nancy
